

Printable Ring Sizer

Instructions:

- 1) Print the page making sure your printer is set to 100%.
- 2) Measure the ring sizer image to make sure that A to B is exactly 3 ½ inches. If it isn't, your ring will not fit!
- 3) Cut out the ring sizer and cut a slit at point A.
- 4) Feed the end through the slit, slip over your finger and pull so it is a snug fit.
- 5) Make a mark where the number scale appears through the slit, the number closest to your mark gives you your ring size. If its half way between numbers, add a half to the lower number.
- 6) Tape the ring sizer together and try slipping it on and off to make sure it slide over your knuckle.
